International Cooperation in Engineering Education

Shibaura Institute of Technology, Toyosu Campus
3-7-5 Toyosu, Koto-ku, Tokyo
135-8548 Japan

JSEE International Session

The Japanese Society for Engineering Education (JSEE) was established in 1952. International cooperation is a very important issue for both accreditation of engineering education and the certification of professional engineers. This is the 7th trial to organize an international session on engineering education during the JSEE Annual Conference & Exposition.

AEESEAP

AEESEAP is the acronym for the Association for Engineering Education in Southeast and East Asia and the Pacific. The Association was formed in 1973 with the support of UNESCO. AESEAP holds its triennial conference and Workshops between the Conferences. This year, JSEE International Session and AESEAP Workshop will be held together.

Themes

The theme for JSEE International Session and AESEAP Workshop 2012 is "International Cooperation in Engineering Education". Wide varieties of papers are welcome for the presentation. AESEAP Country Report may be presented in the Workshop.

Deadlines (Refer to JSEE homepage for details such as paper format, etc)

Submission of Abstract: March 5, 2012

Acceptance Notice: April 9, 2012

Submission of Full Paper: May 21, 2012
